

FeedOS Developer Notice

New Values for XETRA Ultra Plus Quotation Context Tag

Notice Reference	20100907
Scope	Level 1
Exchanges	XETRA Ultra Plus
Effective Date	
Impact	Data enrichment

Dear FeedOS developer,

Please be advised that the following quotation context tag:

15900 = MARKET_XETRA_ULTRA_PLUS_TradeType (type: String)

Can have the following values:

Value	Description
4	Last trade price (it indicates normal trade and it is not sent)
9	Crossed trade price (these are prices created by trades where both sides come from the same trader (broker)).
