Variation on NYMEX

Notice Reference	20110211
Scope	All instruments
Exchanges	NYMEX
Effective Date	2011-02-14
Impact	Quotation Data

Dear FeedOS developer,

Please be advised that starting the 2011-02-14, the following variation will be available on the NYMEX feed:

1. The quotation context tag MARKET_CME_TradeTypeIndicator (15100, type: string), will contain the following values:

Value	Description
E	Opening Trade
1	Price calculated by CME Globex

2. The quotation tag TradingStatus (9100, type: FIXSecurityTradingStatus),
the value "15 = New Price Indication" will replaced by the value "5 = Price Indication"
